TANGIBLE PERSONAL PROPERTY

Property?

of real estate. Also known as be waived.

Who is required to file a tangible personal property tax return with the Martin **County Property Appraiser?**

Anyone in possession (owner or lessee) of assets on January 1, who has a proprietorship, partnership, corporation, or is a self-employed agent or contractor, must file each year. All new and previously taxed owners are required to timely file a TPP return.

Why must I file a return?

Florida Statute 193.052 requires all tangible personal property be reported each year to the Property Appraiser's office. When should I file a return?

Tangible personal property tax returns must be ubmitted to the Property Appraiser's office on or before April 1st of each year in order to avoid penalties.

What is the Tangible Personal Property Exemption?

In January 2008, Florida voters passed Amendment 1. which includes a \$25,000 exemption for certain tangible personal property. The tangible personal roperty tax return will be considered your application for the exemption. Please be aware that failure to file this return constitutes a failure to apply for the exemption and the account will not be eligible for the exemption. If the value of your tangible personal property remains less than \$25,000 in subsequent vears, you are not required to file a return.

What if I file after the April 1 deadline? After April 1. Florida Statutes require penalties be applied at 5% per month or portion of a month that the return is late. A 15% penalty is required for unreported property and a 25% penalty if no return is filed. If you file late, please attach a letter with your return explaining why and the penalty may

cords can be found using

What happens if I do not file?

The Property Appraiser's office is required by law to place an assessment on the tax roll. An estimated assessment, based on the best information available. will determine the value. In addition, failure to file a return may result in a maximum 25% penalty fee. The exemption does not apply in any year that a taxpayer fails to timely file a return.

If I am no longer in business, should I still file a return?

Yes, if you were not in business on January 1 of the current tax year, you should indicate on your return the date you went out of business and the disposition of the assets. If you still have possession of the assets, you must continue to report them. as idle equipment.

I have assets at more than one location in Martin County. Do I need to file separately for each location?

Yes, in most cases you should file a return for each location. In some instances, you may be able to file a single return. Please consult with the Property Appraiser's office first.

TPP EXEMPTION

A A A A A A A

The Tangible Personal Property Exemption is \$25,000 deducted from the value of assets.

You don't apply for it like other real property exemptions. It is automatically applied after the Property Appraiser timely receives an initial TPP tax return by April 1st.

If the value of the assets is below \$25,000, then there would be a zero taxable value, therefore they are considered a waiver account. This means they are not required to submit a TPP tax return in subsequent years. It is their responsibility to notify us if they acquire more assets that would put them over the \$25,000 threshold.
