"Truth In Millage" Notice

A Notice of Proposed Property Taxes (also referred to as the Trim Notice) will be mailed in mid-August. This Notice informs property owners of the proposed property values, millage rates, and taxes.

1 Taxable Value

Taxable value is the assessed value minus exemptions and is the value used to calculate taxes.

2 Rolled-Back Tax Rate & Taxes

When a Taxing Authorities' taxable values increase from prior year, the millage tax rate decreases, thereby levying the same taxes as last year. If Taxing Authorities used this rolled back rate, they would receive the same revenue as the prior year.

3 Proposed Tax Rate & Taxes

These rates and taxes are based on Taxing Authorities' budget changes. Any increase in the millage rate above the Rolled Back Rate (column 5) is defined as a tax increase by the Florida Department of Revenue.
